

THE DOVENER CLUB.

Its Increase in Membership is
Something Remarkable.

SOME SIGNIFICANT FEATURES

Of the Newly Organized Political Organization—Many ex-Democrats are on the Membership Roll—New Quarters Being Fitted Up—Meetings of the Club Friday and Saturday.

Over on the South Side, the new Republican organization, the B. B. Dovenor club is pretty nearly turning things inside out, so to speak. The club which was only organized last week with a membership of one hundred, is growing at a phenomenal rate and now boasts of a membership roll of two hundred—all of them workmen, at that. Permanent quarters have been secured on the second floor of the Handlan building at the corner of Thirty-sixth and Jacob streets, which are now being tastefully fitted up by the members, who to these Democratic times, have got more than they can attend to—nit.

There will be a business meeting of the club at the new quarters next Friday evening, at which it is important that every member be present, as arrangements will then be completed for the public meeting to be held under the auspices of the club at Westwood's hall on the next evening, Saturday. At the latter meeting several prominent Republicans will be present and address the audience, including Captain B. B. Dovenor, Mr. C. B. Hart, Mr. S. G. Smith, Mr. James K. Hall and others.

A significant feature of the new organization is that men are in it, and at the head, who heretofore have taken little if any interest in politics. Another feature none the less significant is the appearance on the roll of membership of the names of men who heretofore have been staunch Democrats; last Saturday evening thirteen ex-Democrats were admitted to membership. The Dovenor club will undoubtedly be a power in the coming campaign.

Who Says Rheumatism Can Not Be Cured?

My wife was confined to her bed for over two months with a severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work.—E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn.

Just at This Season.

The Most Attractive and the Most Decisive of All the Year.

This is the most dangerous season of the year. It may be pleasant, may often seem attractive, but back of all the pleasant atmosphere there is danger. This danger comes in some form of sickness.

Almost any sickness starts with a cold or a chill caused by the sluggish action of the system. This is why so many people just now complain of tired feelings, pains in the muscles and bones, loss of appetite, spring fever and similar troubles.

The following is good advice from a prominent medical journal: "Cold, chills, and other dangerous complaints, which result from a neglected cold, can always be avoided if a timely remedy is taken. When chilly sensations are felt they should be stopped immediately or serious consequences will follow. There is only one way known to the world of avoiding a cold or chills, and that is to use a good, pure, strong stimulant. Nothing ordinary will do. It must be something strong in its action and scientifically prepared. For this reason nothing has ever equalled Duffy's Pure Malt Whiskey, which is acknowledged to-day by physicians and scientists to be the only pure medicinal whiskey on the market."

This valuable advice may be profitably followed by many people who are suffering to-day from the early signs of cold, chills, or possibly grip in its advanced stages. Duffy's Pure Malt is a reliable and effective. People should not, however, permit any dealer to substitute something which is claimed to be "just as good" or "about the same thing." Nothing else can possibly compare with that which has proven itself by years of use to be the best and purest in the world.

All Sorts of Local News and Gossip from the Glass City.

The new water works board has organized with W. S. Carroll as president and M. Nelson vice president. W. J. Kirkpatrick was re-elected secretary and all of the former force was kept in place. The operation of the works has now been reduced to such a system that the board is not only paying the interest on the \$25,000 improvement debt, but is caring for the bonds as they become due each year.

August Kraft was the first saloon keeper to appear before Mayor DuBois on a charge of selling liquor on Sunday. His offense was committed before the election, and as he keeps a quiet place, would never have been heard of, but he attached a man's wages, and the fellow to get even made a complaint against him for selling on Sunday. He pleaded guilty and the Mayor taxed him \$10 and costs.

The Republican executive committee of Marshall county convened in the court house at Moonsville on Saturday by call of the chairman, S. W. Mathews, with a large attendance.

It was decided that conventions will be held at each voting precinct in the county, instead of primaries, to elect delegates to the county convention this fall. The time and place of the convention has not yet been decided on. Two representatives to the legislature, one county commissioner and a circuit clerk, to fill the unexpired term caused by the resignation of S. W. Kimmins, will be nominated at that convention.
